As EF Teknoloji, we have been the regional representative of some of the world's leading technology companies in Turkey for 20 years.

We operate in 17 countries: Turkey, the Turkish Republic of Northern Cyprus, Russia, Azerbaijan, Georgia, Kazakhstan, Uzbekistan, Turkmenistan, Iran, Iraq, Libya, Croatia, Ukraine, Moldova, Romania, Bulgaria and Greece.

Our plans for the future include opening new offices in addition to our Istanbul headquarters and Ankara branch, and establishing representative offices in the countries we serve.

With our professional team we provide technical support and services to the hotel industry. Taking a close interest in the technical support and technological development of the customers who use our products, and introducing our products to those who have not yet met them, are among our core principles. Through our honesty and professional service we show how much we value the satisfaction of our customers.

We examine every project carefully and recommend the locks, hardware and operating systems best suited to each hotel.

We provide after-sales warranty and service for every project we take part in. Our goal at EF Teknoloji is to keep delivering quality service on ever more projects.

20+

years of experience

20+ Years of Experience

Over two decades of expertise in the hotel industry and hundreds of completed projects.

Serving 17 Countries

Based in Turkey, with a service network reaching from the Balkans to Central Asia.

World-Class Brands

Authorised representative of leading manufacturers; genuine products and spare parts.

After-Sales Support

Warranty, technical support and service on every project.

We manage the whole process for hotel and commercial projects, from site survey to after-sales service.

1

Project Consultancy

We examine every project carefully and recommend the locks, hardware and operating system best suited to each hotel.

2

Product Supply

Genuine products as authorised representative of leading brands such as Miwa, GEZE, EVVA, ISEO, FSB and Simonswerk.

3

Installation & Commissioning

On-site installation, programming and user training by our expert team.

4

Technical Support

Continuous technical support and technology updates for customers using our products.

5

Warranty & Service

After-sales warranty and periodic service on every project we take part in.

6

Regional Coverage

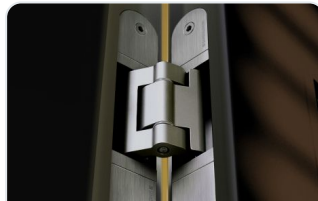

Based in Turkey, with a service and representation network reaching 17 countries.

- 24V DC supply
- Individual operation via the push button
- Holding force of 490 N

24V DC Long-Type Magnetic Hold-Open with Button (Model 115953)

- Advanced technology
- 24V DC supply
- Individual operation via the push button
- Holding force of 490 N

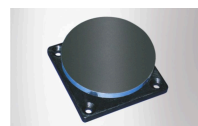

24V DC Short-Type Magnetic Hold-Open with Button (Model 115952)

- Advanced technology
- 24V DC supply
- Individual operation via the push button
- Holding force of 490 N

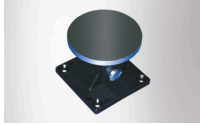

24V DC Standard-Type Magnetic Hold-Open (Model 115829)

- Advanced technology
- 24V DC supply
- Holding force of 490 N
- Can be connected to a central system

Standard-Type Magnetic Keeper (Model 115954)

- Aesthetic appearance
- Steel plate
- For 24V DC magnets

Movable Magnetic Keeper (Model 115956)

- Aesthetic appearance
- Steel plate
- Angled mounting possible
- For 24V DC magnets

TS 500 N EN3 Floor-Recessed Hydraulic Door Closer

- Conforms to EN 3 under EN 1154
- Adjustable closing speed
- Hold-open at 90 degrees on double-action doors
- Maximum opening angle of 170 degrees

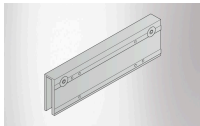

TS 500 NV Floor-Recessed Hydraulic Door Closer

- Conforms to EN 1-4 under EN 1154
- Adjustable closing speed
- Hold-open at 90 degrees on double-action doors
- Maximum opening angle of 170 degrees

TS 550 NV Floor-Recessed Hydraulic Door Closer

- Conforms to EN 3-6 under EN 1154
- Adjustable closing speed
- Closing force adjustable from the surface
- Stepped hold-open between 80 and 120 degrees

TS 2000/3000/4000/5000 Glass Door Clamp-On Mounting Element

- Aesthetic appearance
- Easy and practical installation
- Extruded aluminium
- Clamp-on system requiring no machining of the glass

PT 10 Glass Door Bottom Hinge

- Universal system
- Steel inner body
- Replaceable spring-loaded hinge cover
- GEZE design for easy installation on glass

PT 20 Glass Door Top Hinge

- Universal system
- Steel inner body
- Replaceable spring-loaded hinge cover
- GEZE design for easy installation on glass

PT 24 Top Hinge Pivot

- Universal system
- GEZE design for easy installation
- Stainless steel Ø15 pin
- Glass doors of 8-12 mm thickness

PT 30 Glass Door Glass Frame Hinge

- Universal system
- Steel inner body
- Replaceable spring-loaded hinge cover
- GEZE design for easy installation

Levolan Concealed Roller Set Guide

Levolan 150 Softstop Braked Sliding Door System

By design, Levolan Softstop brakes the leaves in their direction of movement during opening and closing, ensuring that the door closes quietly and slowly.

Levolan 150 Softstop Braked Roller System

650-1000 mm single-sided braking roller system 975-1365 mm single-sided braking roller system 650-1000 mm double-sided braking roller system 975-1365 mm double-sided braking roller system

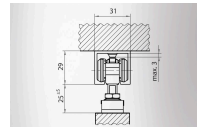

Rollan 40 Sliding Door Roller System

- Advanced technology
- Top-hung sliding door system
- Ball-bearing roller system inside the track
- Ball-bearing Teflon roller

Rollan 80 Sliding Door Roller System

- Advanced technology
- Top-hung sliding door system
- Ball-bearing roller system inside the track
- Ball-bearing Teflon roller

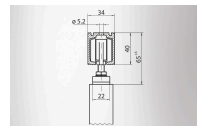

Rollan 40/80 Sliding Door Track Profiles

- Original, imported from Germany
- 3 mm profile wall thickness
- Special GEZE design
- Load capacity of 40-80 kg

Perlan 140 Sliding Door Roller System

- Advanced technology
- Top-hung sliding door system
- Ball-bearing roller system inside the track
- Ball-bearing Teflon roller

Perlan 140 Sliding Door Track Profiles

- Genuine, imported from Germany
- 3 mm profile wall thickness
- Special GEZE design
- 140 kg load capacity

Sliding Glass Door Hanging Element

- Aesthetic appearance
- Practical installation
- Carries glass doors up to 140 kg
- Standard colour: natural anodised

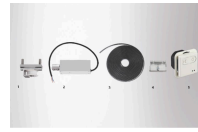

Sliding Glass Door Guide

- Adjustable to the glass thickness
- Aesthetic appearance
- Functional design
- Practical installation

Perlan 140 Soft Stop Sliding System with Braking

- 80 kg load capacity
- For sliding wooden, aluminium and glass doors
- Braked opening and closing systems
- Quiet operation

Perlan 140 AUT-NT Automatic Sliding Kit

- 80 kg load capacity
- For sliding wooden, aluminium and glass doors
- Automatic opening system
- Quiet operation

Deafgard

1 products

Deafgard

- Gives deaf and hard of hearing people independence and peace of mind
- Portable and light so you can take it wherever you need it
- Wire-free, avoids complicated wiring
- Reduced running costs over hardwired alternative

The background of the page is a dark, blue-tinted photograph of a door handle and a card lock system. A white card with red text is partially visible, showing the brand name 'MIWA' and 'HOTEL CARD LOCK SYSTEM'. The card is being held near a dark blue rectangular sensor or display unit mounted on the door. Below this unit is a silver-colored door handle.
